Dear Judy

Application for point allocation of Category 1 Activity

Title of Activity: Biochemical Individuality & Mental Health - Walsh Research Institute  
Activity No: 743352  
Date/s: 1 May 2009

Thank you for your educational activity application. This has been adjudicated and assessed as an Active Learning Module, approved for 40 Category 1 points. A copy of your application has been forwarded to the General Practice Mental Health Standards Collaboration (GPMHSC) for consideration for mental health points.

Only GPs who participate and complete all three components of the activity (pre-disposing, at least 6 hours of structured interactive learning and reinforcing activity) are eligible to receive the full point allocation.

As you intend to advertise your approved activity and its point allocation, please use the following wording **ONLY** on your promotional material:

**This activity has been approved by the RACGP QA&CPD Program.  
TOTAL POINTS: 40 (Category 1) Activity No: 743352**

After this activity has been run, please complete the following steps:

- Submit the Attendance List and Activity Report online using the templates available on our website - <http://www.racgp.org.au/qacpd/20082010triennium/providerforms> (using either your Provider or EAR Number as your User Name & Password).  
**Note:** If the date formatting is incorrect or the QA&CPD numbers and the activity number are not included, the attendance list upload will be rejected and points will not be allocated to those GPs who have completed the module.

The "Provider Guide to QA&CPD Online Services" provides detailed information to support Education Providers' use of the online services.

Yours sincerely,

Diane Lane  
QA&CPD Program Coordinator  
Queensland
